About Our Company

A Brief Story About The Company

Odrin Consulting Group is a premier consultancy company specializing in environmental and social consulting services. Our goal is to help organizations achieve excellence in environmental and social performance. With a focus on innovation and sustainability, we work closely with clients to create customized solutions that support sustainable Development.

ViSion

To be the most admired and respected consultancy company, attracting world class talent committed to helping our clients improve their environmental and social performance.

MiSSion

To provide customized environmental and social solutions that align with the unique needs of our clients, helping them achieve sustainable growth and have a positive impact on society.

Who We Are

At Odrin Consulting Group, we are a team of passionate consultants dedicated to transforming business practices. Our services are designed to help organizations achieve economic success while addressing environmental and social responsibilities. We work closely with clients to create customized solutions that support sustainable growth.

What We Do

We help organizations improve their environmental and social performance. Our services are designed to help organizations meet their sustainability goals, enhance operational efficiencies and create positive outcomes for their communities and stakeholders while addressing environmental and social responsibilities.

We Value

Excellency, Inclusiveness, Sustainability and Integrity

Transformative Services for Your Business Needs...

01 Environmental and Social Impact Assessments (ESIA)

We conduct in-depth assessments to understand and mitigate the environmental and social impacts of proposed projects, fostering responsible development.

02 Stakeholder Engagements and Grievance Management

We facilitate meaningful dialogues with stakeholders, helping organizations build trust, address concerns, and resolve grievances effectively.

03 Environmental and Social Due Dilligence

We evaluate the potential and actual project impacts on the environment, people and the economy and ensure that that measures are in place to prevent, minimize, or mitigate any negative consequences.

04 Climate Change Mitigation and Adaptation

We guide businesses and communities in assessing their climate impact and adopting sustainable practices to address climate change risks.

Transformative Services for Your Business Needs...

05

Resettlement and Livelihood Restoration Planning

We identify people affected with potential resettlement and loss of livelihood and through a consultative process outline appropriate measures resettle, compensate and restore their livelihood.

06

Management Training

We design and implement training necessary to help organizations improve their social and environmental performance.

07

Pollution Prevention and Resource Efficiency

We carry out relevant assessments and recommend appropriate measures to prevent pollution and optimize the use of raw materials/ resources

Why Choose Us

Expertise and Experience: Competent team with more than 10 years of experience delivering environmental, social and management solutions to both private and public sector organizations.

Sustainable Approach: We prioritize solutions that balance economic, environmental, and social considerations for more sustainable outcomes.

Client-Centered: Our clients are our top priority. We build long-term relationships based on trust, transparency, and a commitment to delivering results.

Customized Solutions: We understand that each organization has unique needs, so we tailor our services to fit specific organizational goals and challenges.

Innovation and Adaptability: As challenges evolve, so do we. We continuously explore new strategies to better serve our clients and adapt to a rapidly changing world.

Our Commitment

- ❑ Helping our clients achieve sustainable outcomes by integrating environmental, social and economic considerations into every solution.
- ❑ Building mutually beneficial long-term relationships with our clients.
- ❑ Repositioning ourselves as the needs of our clients evolve to enable us to deliver excellent service every single time.

Our Service Delivery Process

Odrin Consulting Group offers flexible service delivery options to meet diverse client needs:

- ✓ **One-off Consultancy:** Periodic advisory service on specific issues, either in person or remotely.
- ✓ **Long-term service contracts:** Provide ongoing customized, sustainable and cost-effective solutions to client challenges.
- ✓ **Training:** Delivering client-specific training sessions with impactful content tailored to learner needs, context, and objectives.
