# We Value

Excellency, Inclusiveness, Sustainability and Integrity

# Transformative Services for Your Business Needs

## **01** Environmental and Social Impact Assessments (ESIA)

Conduct in-depth assessments to understand and mitigate the environmental and social impacts of proposed projects, fostering responsible development.

## **02** Stakeholder Engagements and Grievance Management

Facilitate meaningful dialogues with stakeholders, helping organizations build trust, address concerns, and resolve grievances effectively.

## **03** Environmental and Social Due Dilligence

Evaluate how a project might affect the environment, communities, and stakeholders, and ensuring that measures are in place to prevent, minimize, or mitigate any negative consequences.

## **04** Climate Change Mitigation and Adaptation

Guide businesses and communities in assessing their climate impact and adopting sustainable practices to address climate change risks.

#### **05 Business Planning and Strategy Development**

Develop actionable strategies that align with your economic, environmental, and social objectives thus positioning your organization for sustainable growth and competitiveness.

#### **Resettlement Action Planning**

Identify people affected with resettlements and outline appropriate measures to effectively resettle and compensate them in consultation with relevant stakeholders.

#### **07 Livelihood Restoration Planning**

Identify people whose livelihood is likely to be affected by the development project and consultatively outline appropriate measures to effectively support the affected people to restore their livelihood.

#### **08 Project Feasibility Assessments and Proposal Writing**

Assess the viability and sustainability of proposed projects to ensure alignment with economic, environmental and social goals.

#### **09 Management Training**

Equip your team with the skills necessary to meet organizational goals.

#### **10 Monitoring, Evaluation, and Learning**

Conduct ongoing project monitoring and evaluation to identify improvements and capture lessons for improving performance.

# Why Choose Us

**Expertise and Experience:** Competent team with more than 10 years of experience delivering environmental, social and management related projects for both private and public sector organizations.

**Sustainable Approach:** We prioritize solutions that balance economic, environmental, and social considerations for more sustainable outcomes.

**Client-Centered:** Our clients are our top priority. We build long-lasting relationships based on trust, transparency, and a commitment to delivering results.

**Customized Solutions:** We understand that each organization has unique needs, so we tailor our services to fit specific goals and challenges.

**Innovation and Adaptability:** As challenges evolve, so do we. We continuously explore new strategies to better serve our clients and adapt to a rapidly changing world.

# Our Commitment

- ❑ Helping our clients achieve sustainable outcomes by integrating environmental, social and economic considerations into every solution
- ❑ Building mutually beneficial long-term relationships with our clients
- ❑ Repositioning ourselves as the needs of our clients evolve to enable us to deliver excellent service every single time.

# Our Service Delivery Process

Odrin Consulting Group offers flexible service delivery options to meet diverse client needs:

- ✓ **One-off Consultancy:** Periodic advisory service on specific issues, either in person or online.
- ✓ **Long-term service contracts:** Provide ongoing customized, sustainable and cost-effective solutions to client challenges.
- ✓ **Training:** Delivering client-specific training sessions with impactful content tailored to learner needs, context, and objectives.
